

Beaudry Terrace Area Water Main Replacement Project Facts & Information

Why: To install 5,900 linear feet of class 350 ductile-iron water mains, ranging in size from 16 to 6-inch in diameter, in six streets in the Beaudry Terrace neighborhood. The purpose of this project is to replace the existing 12, 8 and 6-inch water mains that are over 40 years old, deteriorated, under-class and made with unlined cast-iron. Replacements of these water mains will improve water quality, circulation, water pressure, fire flow, mitigate main breaks and water system reliability.

When: Project begins late January 26, 2014, and will last through March 31, 2015.

Who: Work will be conducted by J. De Sigio Construction Inc. under contract with the City. If at any time you have questions about this project, please contact Shad Rezai, Project Manager, at (818) 548-3982, Cell (818) 970-4954 or at email srezai@glendaleca.gov.

What residents of Beaudry Terrace need to know?

- This project is to improve the water quality, water pressure, circulation, fire flow and mitigate main breaks in your area.
- Parking will be affected. Once the construction project starts there will be no parking from 7:30 a.m. – 4:00 p.m. Monday – Friday in the designated construction zones. Cars will be cited and towed which will affect construction schedules. Pedestrian crossings will be provided, and maintained, at all times. All streets will be accessible after 4:00 p.m.
- Temporary inconveniences such as noise and dust due to frequent movement of mechanical equipment, restriction to access to properties and traffic detours will occur.
- Temporary “No Parking” signs will be posted in advance.
- Trash collection and street sweeping schedules may be affected. Residents will be notified of any new collection schedules.
- Temporary water service interruptions are common. Residents will be notified ahead of time of any scheduled water outages.
- If you need to call 911 for any emergency, please notify construction crews working outside your home that you have called in an emergency. Access will be provided to all emergency vehicles at all times.

How can I find out more about this project?

- Register your e-mail with us for important updates, notifications, and alerts. To register your e-mail, call or e-mail Varsenik Avetisian at 818-548-4828, vavetisian@glendaleca.gov.
- Contact the project manager Shad Rezai (818) 548-3982, Cell (818) 970-4954, srezai@glendaleca.gov.
- Notification postcards may also be mailed to residents affected by the different phases of construction as necessary, or to notify you of any updates, or upcoming community meetings.
- Check our project Facebook page, www.Facebook.com/Beaudry.Terrace.Water.Main.Project for project updates.
